

# Wiley Registry® of Mass Spectral Data, 12th Edition

## Confident compound identification with the most comprehensive GC-MS library

The field-tested *Wiley Registry® of Mass Spectral Data, 12th Edition* is the largest mass spectral library commercially available, providing over double the compound coverage of our competitors. Applications include untargeted GC-MS screening and accurate mass workflows with MS-TOF instruments.

Experience improved spectral search performance with the 12th Edition. The latest version was extensively validated to sequester and remove suspect spectra from the main library. The new edition also introduces the inclusion of **chemical classifications, calculated Kovats retention indices, and splash IDs.**

The 12th Edition provides researchers the most assurance that their untargeted spectral search is the broadest available.

### Now with 40K+ Bonus Spectra exclusively added only in the KnowItAll Subscription!

- Stay on the cutting edge of new data by having early access via subscription.
- And by adding a subscription to the KnowItAll software, you have one of the most powerful tools for automated non-targeted GC-MS analysis (deconvolution + library search), MS Adaptive Search, and more.

	WR Subscription	WR 12
Mass Spectra	857,692	817,290
Searchable Structures	824,693	785,061
Unique Compounds	694,428	668,452

- Chemical Classifications
- Calculated Kovats RI values
- Splash IDs
- Spectra segmented into separate libraries to optimize searching

## Coverage

Compound coverage for individual compounds can be verified at [www.compoundsearch.com](http://www.compoundsearch.com)

### Comparison to Previous Versions and NIST Libraries

	WR Subscription	WR 12	WR 11	WR10	WR9	NIST20	NIST17	NIST14
Mass Spectra	857,692	817,290	775,818	719,438	662,860	350,643	306,662	276,248
Searchable Structures	824,693	785,061	741,255	684,721	565,106	350,643	306,662	276,248
Unique Compounds	694,428	668,452	632,511	583,781	476,553	306,869	262,158	237,409

### Unique Spectra Comparison: Wiley Registry 12 vs. NIST / EPA / NIH Library 2020

## Compatibility

Compatible with most current and legacy mass spectrometry data systems. For full compatibility information please visit [sciencesolutions.wiley.com/compatibility](http://sciencesolutions.wiley.com/compatibility)
